Schedule

10am-12pm unless otherwise noted

RSVP to Karie and Amy the days you are coming!

March

4th– Middlecreek Wildlife Management (Meet at **sunrise** to see the snow geese. Stick around afterwards and join us on a hike on the Conservation Trail by the Visitors Center.)

25th- Composting Program with Lancaster County Parks and Recreation

April

8th- Nolde Forest Watershed/Sawmill Trail, hike

22nd- Woodcrest Retreat, Ephrata – two classes being offered

April 22nd cont.

Beginners Microscope Lab (kinder-3rd)

This is a perfect introduction for younger students to learn the use and care of microscopes.

Sequences: Seeing God's Design (3rd & up)

In this unique class, students will explore different mathematical sequences and create their own.

A pavilion has been reserved for your explorers to enjoy a packed lunch from home and we can spend some time on the playground and exploring the trails at Woodcrest.

May

6th – Money Rocks, Narvon - Hike
20th – Hershey Gardens
